

How does ArbiterPay work?

Your organization will create an ArbiterPay account for Paying Administrators, from which funds are transferred to officials. Officials will create a free Officials account, to which payments are sent. Your payors can then authorize instant payments to your account with a single click from either their ArbiterPay or ArbiterSports accounts. Your payments will be available immediately, and you can track and manage your payments through multiple reports and features.

How much does ArbiterPay cost?

ArbiterPay is FREE for Sports Officials. There are no monthly account fees, setup fees or hidden charges. Officials can select optional upgrades that have minimal costs but no upgrades are required to receive payments through ArbiterPay.

Effective Apr 1, 2010 Officials no longer have any restrictions on the number of transfers they can make to their Bank Account. Officials who desire to receive payment by check will continue to be assessed a reasonable transaction charge. Minor accounts will no longer be offered as part of the ArbiterPay suite of products.
